Postgraduate Programmes

UniKL, and specifically UniKL BiS, is the leading university in entrepreneurship. Since opening its doors in 2004, UniKL BiS dedicated its time to inspiring great minds. At UniKL you will be taught by some of the brightest and best academic minds from different continents. As part of this international community you will work alongside fellow students and academics that will bring a different perspective to your studies and prepare you for a career with no geographical boundaries. Our academic standards are high and this means our students have high expectations of the learning experience we can offer. For this reason, we invest in our facilities, services and staff. As a result you will have access to our “State of Art” learning facilities across campus, improved library and IT services and high quality academic support. You will be able to prepare for your career, whether your ambitions are academic or professional. You will have access to specialist careers advice, personal skills development, training workshops, voluntary experience, sport or any one of our many other activities designed to complement our exceptional standard of teaching.

Course Outcome

Postgraduate

Written by Administrator

Thursday, 12 April 2012 02:22 - Last Updated Tuesday, 22 August 2017 03:31

- Demonstrate a high order of skill in analysis, critical evaluation and professional application through the planning and execution of professional work, and the processes of critical thinking and problem solving.
- Demonstrate creativity and flexibility in the application of knowledge and skills to new situations, to solve complex problems and to think rigorously and independently.
- Continuous self-improvement, carry out an original research project, or a project addressing a matter of substance concerning practice in a profession at a high level of originality and quality.
- Present a substantial and well-ordered business projects and dissertation, for submission to internal and/or external examination.
